NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO OUR SHAREHOLDERS:

The Annual Meeting of the Shareholders of Costco Wholesale Corporation (the "Company") will be held by live webcast, on Thursday, January 21, 2021, at 2:00 p.m. Pacific time, to:

1. Elect the seven directors nominated by the Board of Directors to hold office until the 2022 Annual Meeting of Shareholders and until their successors are elected and qualified;
2. Ratify the selection of KPMG LLP ("KPMG") as the Company's independent auditors for fiscal 2021;
3. Approve, on an advisory basis, the compensation of the Company's named executive officers for fiscal 2020 as disclosed in these materials; and
4. Transact such other business as may properly come before the meeting or any adjournments thereof.

In light of COVID-19 and for the safety of our shareholders, employees, and other members of the community, our 2021 Annual Shareholders' Meeting will be held in a virtual format only. Shareholders can participate from any geographic location with Internet connectivity. We believe this is an important step to enhancing accessibility to our Annual Meeting for all of our shareholders and reducing the carbon footprint of our activities, and is particularly important this year in light of public health and safety considerations posed by COVID-19. Shareholders may view a live webcast of the Annual Meeting and submit questions digitally during the meeting at www.virtualshareholdermeeting.com/COST2021. Please refer to the "Participating in the Annual Meeting" section of the Proxy Statement for more details.

Shareholders can vote their shares before the meeting online at www.proxyvote.com, by calling 1-800-690-6903, by mailing a completed proxy card or by mobile device by scanning the QR code on the proxy card or Notice of Internet Availability of Proxy Materials. Shareholders may also vote online during the virtual meeting at www.virtualshareholdermeeting.com/COST2021.

Only shareholders of record at the close of business on November 12, 2020, are entitled to notice of and to vote at the meeting. All shareholders are requested to be present virtually or by proxy. Any shareholder who later finds that he or she can be present at the meeting, or for any reason desires to do so, may revoke the proxy at any time before it is voted.

Important Notice Regarding the Availability of Proxy Materials for the 2021 Annual Meeting. We are mailing to many of our shareholders a Notice of Internet Availability of Proxy Materials, rather than a full paper set of the materials. The notice contains instructions on how to access our proxy materials on the Internet, as well as instructions on obtaining a paper copy. All shareholders who do not receive such a notice, including shareholders who have previously requested to receive a paper copy of the materials, will receive a full set of paper proxy materials by U.S. mail. This process reduces our costs to print and distribute proxy materials.

Voting by the Internet or telephone is fast and convenient, and your vote is immediately confirmed and tabulated. If you receive a paper copy of the proxy materials, you may also vote by completing, signing, dating and returning the accompanying proxy card in the enclosed return envelope furnished for that purpose. By using the Internet or telephone you help the Company reduce postage and proxy tabulation costs.

Please do not return the enclosed paper ballot if you are voting over the Internet or by telephone.

**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
January 21, 2021**

SOLICITATION AND REVOCATION OF PROXY

Proxies in the form furnished are solicited by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on January 21, 2021, or any adjournments (the "Annual Meeting"). The individuals named as proxy are Hamilton E. James and W. Craig Jelinek. A Notice of Internet Availability of Proxy Materials was first sent to shareholders and the accompanying notice of meeting, this Proxy Statement and the form of proxy are first being made available to shareholders on or about December 10, 2020.

All shares represented by proxies received will be voted in accordance with instructions contained in the proxies. The Board of Directors unanimously recommends a vote:

1. FOR the seven nominees for director named in this Proxy Statement;
2. FOR the ratification of the selection of the Company's independent auditors; and
3. FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers for fiscal 2020 as disclosed in these materials.

In the absence of voting instructions to the contrary, shares represented by validly executed proxies will be voted in accordance with the foregoing recommendations. A shareholder giving a proxy has the power to revoke it any time before it is voted by providing written notice to the Secretary of the Company, by delivering a later-dated proxy, or by voting virtually at the Annual Meeting.

Only shareholders of record at the close of business on November 12, 2020 (the Record Date) will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 442,955,229 shares of common stock outstanding, which represent all of the voting securities of the Company. Each share of common stock is entitled to one vote. Shareholders do not have cumulative voting rights in the election of directors.

A majority of the common stock entitled to vote at the Annual Meeting, present either virtually or by proxy, will constitute a quorum. Shareholders who abstain from voting on any or all proposals will be included in the number of shareholders present at the meeting for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be included in the total of votes cast and will not affect the outcome of the vote on proposals 1 through 3.

With respect to proposal 1, the directors receiving the highest number of votes will be elected. The Company's bylaws provide that at this meeting in an uncontested election for directors a nominee who receives a greater number of "withhold" votes than votes "for" shall offer his or her resignation. A committee of independent directors whose election is not at issue will determine and publicly report the action to be taken with respect to the resignation offer. With respect to proposals 2 and 3, to approve each proposal the votes that shareholders cast "for" must exceed the votes cast "against."

If shares are held by a broker or other financial institution on your behalf (that is, in "street name"), and you do not instruct that firm as to how to vote them, Nasdaq rules allow the firm to vote your shares only on routine matters. Proposal 2, the ratification of the selection of the Company's independent auditors for fiscal 2021, is the only matter for consideration at the meeting that Nasdaq rules deem to be routine. For all other proposals, you must submit voting instructions to the firm that holds your shares if you want your vote to count. When a firm votes a client's shares on some but not all of the proposals, the missing votes are referred to as "broker non-votes." **Please instruct your broker or other financial institution so your vote can be counted.**

In addition to mailing the Notice of Internet Availability of Proxy Materials to shareholders, the Company has asked banks and brokers to forward copies of the Notice, and upon request, paper copies of the proxy materials to persons for whom they hold stock of the Company and to request authority for execution of the proxies. The Company will reimburse banks and brokers for their reasonable out-of-pocket expenses in doing so. Officers and employees of the Company may, without being additionally compensated, solicit proxies by mail, telephone, facsimile or personal contact. All proxy-soliciting expenses will be paid by the Company in connection with the solicitation of votes for the Annual Meeting. Alliance Advisors may solicit proxies at a cost we anticipate will not exceed \$11,000.

PROPOSAL 1: ELECTION OF DIRECTORS

Directors will be elected annually for terms expiring at the next annual meeting of shareholders, except that any director elected prior to the 2020 Annual Meeting for a term that expires at the annual meeting in 2022 will continue to hold office until the end of that term. The division of directors into classes will terminate at the annual meeting of shareholders in 2022, from and after which all directors will stand for election annually. In the case of any vacancy on the board of directors, including a vacancy created by an increase in the number of directors, the vacancy may be filled by the board of directors for a term of office continuing until the next election of directors by the shareholders. Each of Susan L. Decker, Kenneth D. Denman, Richard A. Galanti, W. Craig Jelinek, Sally Jewell, Charles T. Munger, and Jeffrey S. Raikes is nominated to serve for a one-year term until the annual meeting of shareholders in 2022 and until a successor is elected and qualified. All nominees are current directors.

Each nominee has indicated a willingness and ability to serve as a director. If any nominee becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as will be designated by the Board. The proxies being solicited will be voted for no more than seven nominees at the Annual Meeting. Each director will be elected by a plurality of the votes cast, virtually or by proxy, at the Annual Meeting, assuming a quorum is present.

The candidates for election have been nominated by the Board based on the recommendation of the Nominating and Governance Committee. In addition to the information presented below regarding each nominee’s specific experience, qualifications, attributes and skills that led the Board to conclude that he or she should serve as a director, the Board believes that each nominee has demonstrated: outstanding achievement in his or her professional career; relevant experience; personal and professional integrity; ability to make independent, analytical inquiries; experience with and understanding of the business environment; and willingness and ability to devote adequate time to Board duties. We also believe that our directors collectively have the skills and experience that make them well-suited to oversee the Company. They are established leaders in important areas of business, government, and non-profit service. In addition, members of our Board have a great diversity of experiences and bring a wide variety of views that strengthen their ability to guide our Company.

The Board of Directors unanimously recommends that you vote FOR Proposal 1.

COMMITTEES OF THE BOARD

The Board has determined that each member of the Audit, Compensation and Nominating and Governance Committees meets Nasdaq listing standards regarding independence, including committee independence requirements. Each committee has a written charter, which may be viewed at our website at www.costco.com through the Investor Relations page. Directors deemed independent are Mmes. Decker, Jewell and Wilderotter and Messrs. Denman, James, Munger, Raikes and Stanton, who constitute a majority of the Board. The non-executive directors of the Company met in executive session presided over by the non-executive Chairman at five meetings in fiscal 2020.

Audit Committee. The functions of the Audit Committee include (among others):

- providing direct communication between the Board and the Company's internal and external auditors;
- monitoring the design and maintenance of the Company's system of internal accounting controls;
- selecting, evaluating and, if necessary, replacing the external auditors;
- reviewing the results of internal and external audits as to the reliability and integrity of financial and operating information;
- maintaining procedures for receipt, retention and treatment of any complaints received by the Company about its accounting, internal accounting controls or auditing matters and for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
- reviewing the relationships between the Company and the external auditors to ascertain the independence of the external auditors; and
- approving compensation of the external auditors.

The members of the committee are Messrs. Munger (chair) and Denman and Mmes. Decker and Jewell. The Board has determined that Mr. Munger is an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission ("SEC"). To ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the external auditors. In conjunction with the mandated rotation of the external auditor's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of the new lead engagement partner. The Board and the Audit Committee periodically review with members of management of the Company issues and developments relating to information security, fraud, data security and cybersecurity risk, including controls to monitor and mitigate the related risks. The Audit Committee met six times during fiscal 2020. A report of the Audit Committee is set forth below.

Compensation Committee. The Compensation Committee reviews the salaries, bonuses and stock-based compensation provided to executive officers of the Company and oversees the overall administration of the Company's compensation and stock-based compensation programs. Except with respect to setting the compensation of the Chief Executive Officer, the committee may delegate its authority to a subcommittee of the committee (consisting either of a subset of members of the committee or any members of the Board who would be eligible to serve on the committee). In addition, to the extent permitted by applicable law, the committee may delegate to one or more executive officers of the Company the authority to grant stock awards to employees who are not executive officers or members of the Board. The committee has delegated certain authority to the Chief Executive Officer with respect to such awards not involving executive officers. See Compensation Discussion and Analysis below for a further description of the role of the committee. The members of the committee, which met two times during fiscal 2020, are Mr. Stanton (chair) and Mmes. Jewell and Wilderotter. A report of the Compensation Committee is set forth below.

Nominating and Governance Committee. The functions of the Nominating and Governance Committee are to identify and approve individuals qualified to serve as members of the Board, select director nominees for the annual meeting of shareholders, evaluate the Board's performance, develop and recommend to the Board corporate governance guidelines, and provide oversight with respect to corporate governance and ethical conduct. The committee is authorized by its charter to engage its own advisors. The committee approved the nomination of the candidates reflected in proposal 1. The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of shareholders. The committee is responsible for identifying, screening and recommending to the Board candidates for Board membership. When formulating its recommendations, the committee will also consider advice and recommendations from others as it deems appropriate. The members of the committee, which met four times in fiscal 2020, are Messrs. Raikes (chair) and Denman and Mrs. Wilderotter.

The committee will consider shareholder recommendations for candidates to serve on the Board. In accordance with our bylaws, the name of any recommended candidate, together with pertinent biographical information, a document indicating the candidate's willingness to serve if elected, and evidence of the nominating shareholder's ownership of Company stock should be sent to the Secretary of the Company. The Company may require additional information, as described in our bylaws. Our Corporate Governance Guidelines provide that nominees for director will be selected on the basis of, among other things, knowledge, experience, skills, expertise, integrity, diversity, ability to make independent analytical inquiries, and understanding of the Company's business environment, all in the context of an assessment of the perceived needs of the Board at the time. Nominees should also be willing to devote adequate time and effort to Board responsibilities. The Nominating and Governance Committee does not set specific, minimum qualifications that nominees must meet in order for the committee to recommend them to the Board, but rather believes that each nominee should be evaluated based on individual merit, taking into account the needs of the Company and the composition of the Board.

We believe that the Company benefits from having directors with a diversity of viewpoints, backgrounds, and experiences. Currently, of the ten directors on the Board, three are women and one is African American. In addition, as discussed above, our directors bring a diversity of viewpoints and experiences as established leaders in important areas of business, government and non-profit service that we believe strengthens the Board's ability to guide our Company. Pursuant to our Corporate Governance Guidelines, the Nominating and Governance Committee oversees a self-assessment of the Board's performance every year. The assessment seeks to identify specific areas, if any, in need of improvement or strengthening, including with respect to the diversity of our Board in terms of viewpoints, backgrounds and experiences. Recommendations arising from the self-assessment process in fiscal 2020 primarily related to improving the efficiency and effectiveness of full board processes. Since 2014, the Board, led by the Nominating and Governance Committee, has been engaged in a process to refresh its membership; seven members have retired or passed away and four new independent directors have been added.

Our bylaws provide for proxy access by eligible shareholders. Shareholder nominations require compliance with section 2.1 of the bylaws, which are available on our website. There is otherwise no formal process prescribed for identifying and evaluating nominees, except as described in the Corporate Governance Guidelines.

Corporate Governance Guidelines. The Board has adopted Corporate Governance Guidelines, which may be viewed at www.costco.com through the Investor Relations page.

Board Structure. The Corporate Governance Guidelines provide that the Board does not require the separation of the offices of the Chairman of the Board and the Chief Executive Officer and shall be free to choose its Chairman in any way that it deems best for the Company at any given point in time. Currently the positions of Chairman and Chief Executive Officer are filled separately. Our Chief Executive Officer has primary responsibility for the operational leadership and strategic direction of the Company, while our non-executive Chairman facilitates our Board's independent oversight of management, promotes communication between management and the Board, and leads the Board's consideration of key governance matters. The Board believes that this leadership structure is appropriate for the Company at this time.

The Role of the Board in Risk Oversight. The Board seeks to ensure that management has processes for dealing appropriately with risk. It is the responsibility of the Company's senior management to develop and implement the Company's short- and long-term objectives and to identify, evaluate, manage and mitigate the risks inherent in seeking to achieve those objectives. Management is responsible for identifying risk and risk controls related to significant business activities and Company objectives, and developing programs to determine the sufficiency of risk identification, the balance of potential risk to potential reward, the appropriate manner in which to control risk, and the support of the risk-controlling behavior and the risk to Company strategy.

The Board implements its risk oversight responsibilities primarily through the Audit Committee, which receives management reports on the potentially significant risks, including (without limitation) cybersecurity matters, that the Company faces and how the Company is seeking to control risk where appropriate. The Committee also oversees internal control over financial reporting. The Audit Committee reports to the full board on its risk-management tasks, including the enterprise risk management review. In more limited cases, such as with risks of significant new business concepts and substantial entry into new markets, risk oversight is addressed as part of the full Board's engagement with the Chief Executive Officer and management. Board members also often discuss risk as a part of their review of the ongoing business, financial, and other activities of the Company. The Board also has overall responsibility for executive-officer succession planning. The Nominating and Governance Committee also exercises oversight regarding risks associated with corporate governance matters and certain issues relating to the Company's ethics and compliance programs.

COMPENSATION OF DIRECTORS

Each non-employee director earns \$30,000 per year for serving on the Board and \$1,000 for each Board and committee meeting attended. Directors are reimbursed for travel expenses incurred in connection with their duties. In fiscal 2020, each non-employee director received a grant of restricted stock units ("RSUs"), with a target value of \$270,000. Based on the closing share price at the time of grant, each director received a grant of 901 restricted stock units. These RSUs vest one-third annually, beginning on the first anniversary of the date of grant and are subject to accelerated vesting upon the director's retirement: 50% and 100% after five and ten years of service, respectively. Stock ownership requirements, which have been met by all directors, mandate that within five years of joining the Board a non-executive board member shall own and retain shares of Company common stock worth at least \$1 million based on the value at the time of acquisition.

(1) Represents the grant-date fair value of the RSUs granted in October 2019, except Mrs. Jewell, who received a prorated grant in January 2020, with full vesting for the first year occurring after nine rather than twelve months. The value is calculated as the market value of the common stock on the grant date less the present value of the expected dividends forgone during the vesting period. These amounts thus do not reflect the amount of compensation actually received during the fiscal year. For a description of the assumptions used in calculating the fair value of equity awards, see Note 1 of our financial statements in our Form 10-K for the year ended August 30, 2020.

(2) Ms. Jewell was elected in January 2020.

(3) Mr. Meisenbach retired from the Board on January 22, 2020.

At the end of fiscal 2020, non-employee directors held the following outstanding equity awards and shares:

Directors generally will not be forwarded shareholder communications that are primarily commercial in nature, relate to improper or irrelevant topics, or request general information about the Company.

Meeting Attendance

During the Company's last fiscal year, the Board met five times. Each member of the Board attended all of the Board meetings and meetings of the committees on which he or she served, with the exception of one committee member absence (Charles Munger) from an Audit Committee meeting due to illness, and two member absences (Susan Decker and John Stanton) from a special meeting of the Board, which was called on short notice. As set forth in our Corporate Governance Guidelines, directors are encouraged to attend meetings of shareholders. All directors except one attended the meeting in 2020.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Following is a discussion and analysis of our compensation programs as they apply to our Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated individuals who served as executive officers in fiscal 2020. These individuals are referred to as the “Named Executive Officers” and include: W. Craig Jelinek, President and Chief Executive Officer; Richard A. Galanti, Executive Vice President, Chief Financial Officer; Joseph P. Portera, Executive Vice President, COO-Eastern and Canadian Divisions, and Chief Diversity Officer; Ron M. Vachris, Executive Vice President, COO-Merchandising; and James P. Murphy, Executive Vice President, COO-International Division.

Compensation Philosophy and Objectives

Our compensation programs are designed to motivate our executives and employees and enable them to participate in the growth of our business. The Company believes it has been very successful in attracting and retaining quality employees, generally achieving low turnover in our executive, staff and warehouse management ranks. In addition, in the judgment of the Compensation Committee, the programs have contributed to the financial and competitive success of the Company. Accordingly, the Committee believes it is desirable to continue these programs.

At the 2020 Annual Meeting, the advisory shareholder vote on executive compensation was 96.82% in favor. The Committee did not determine to make any changes to the compensation programs as a result of the vote. Compensation levels approved by the Committee for the Named Executive Officers for fiscal 2020 did not materially change from those approved for the prior year. Discussions by certain directors and management with a number of shareholders since the 2020 Annual Meeting have not revealed significant concerns about the structure or operation of the Company's compensation programs.

Role of the Compensation Committee

The Committee determines the amounts and elements of compensation for our Chief Executive Officer. For other executive officers, it reviews the recommendations of the Chief Executive Officer, with which it generally agrees. The Committee’s function is more fully described above, under “Committees of the Board — Compensation Committee.”

During fiscal 2020, the Committee consisted of Messrs. Stanton (chair) and Munger (through January 2020) and Mmes. Jewell (since January 2020) and Wilderotter. The Committee has authority under its charter to engage compensation consultants but has not used any. The Committee's primary activity occurs in the fall, following the close of the fiscal year, when the Committee: (i) approves grants of RSUs, including performance targets for RSUs granted to executive officers for the current fiscal year; (ii) determines whether performance targets have been satisfied for RSUs granted during the prior fiscal year; (iii) approves total compensation levels for executive officers for the fiscal year just concluded, including any salary increases and cash bonuses; and (iv) approves the executive officer cash-bonus program for the current fiscal year.

Elements of Compensation

The components of our executive compensation programs are equity compensation (consisting solely of performance-based RSUs), base salary, cash bonuses, and other benefits (primarily consisting of health plans, a 401(k) plan and a deferred compensation plan). The Committee believes that these components are appropriate and are consistent with the Company's long-standing approach to executive compensation, which has made equity awards the dominant form of compensation. The Committee did not reevaluate this year whether there is an optimal mix of equity, salary, bonus and other compensation components for each executive officer. Rather, it relied upon the fact that the current structure has been utilized successfully in years past and gave more particular attention to the incremental changes in the components of the mix and the value of the total compensation packages.

Performance-based RSUs. Performance-based RSU grants represent the largest component of compensation, based on their fair value at the time of grant. The Committee believes that emphasizing this form of compensation helps align the interests of employee-grantees with those of shareholders, both in the shorter term (with one-year performance conditions) and in the longer term (with share ownership requirements and time-based vesting of up to five years, subject to earlier vesting for long service, as described below).

Base salary. Base salary is the second largest compensation component. It is consistent with the need for executive officers to have predictable cash compensation, which has been subject generally to modest annual increases.

Cash bonus. Cash bonuses are a relatively small component of compensation and based on a variety of metrics. They address short-term incentives and are linked to performance during the fiscal year. Historically, at least some portion of the cash bonuses has been paid each year. The Committee believes that maintaining cash bonuses as a modest element of compensation is consistent with preferring long-term equity incentives as being in the greater interest of the Company and its shareholders. Over 5,000 employees are eligible for cash bonuses. To be eligible for the annual bonus, the individual must be employed by the Company and in the same or similar executive-level position at the time the bonuses are paid (historically in November).

Executive base salaries and cash bonuses and the value of all equity-related awards are, in the Committee's view, generally lower than those at other companies in our peer group, described below under "Peer Companies."

Other elements. Consistent with its position as a low-overhead operator, the Company has modest "other compensation." Significant components of this compensation include health care and helping executives fund their retirement needs (through the 401(k) and the deferred compensation plans); the Company provides no pensions for these officers.

These components of compensation mix incentives that are intended to reward shorter-term (twelve months) and longer-term performance (five years and beyond). Shorter-term incentives come primarily from the initial award of RSUs being subject to achievement of a one-year performance metric and, to a significantly lesser extent, cash bonuses that are subject to one-year performance metrics. Longer-term incentives come primarily from the RSU award vesting of up to five years, and, to a lesser extent, share ownership requirements for executive officers and vesting elements in certain benefit plans (such as the deferred compensation and 401(k) plan matches).

The Committee believes that these elements do not promote unreasonable risk-taking behavior. The value of shorter-term incentives (including modest cash bonus awards and performance conditions for awards of RSUs) is substantially exceeded by longer-term incentives (including equity awards that vest over up to five years) and share ownership requirements, which the Committee believes reward sustained performance that is aligned with shareholder interests. In addition, the Company's Corporate Governance Guidelines give the Committee the power to require the return of incentive compensation earned by improper means.

Peer Companies

For fiscal 2020, the Committee primarily considered executive compensation data obtained from proxy statements for the following peer companies: Walmart Inc., The Home Depot, Inc., Target Corporation, The Kroger Company, Lowe's Companies, Inc., BJ's Wholesale Club Holdings, Inc., The TJX Companies, Inc., and Walgreens Boots Alliance, Inc. The last two are newly added this year to broaden the comparator group. The peer companies were selected because they are recognized as successful retailers and two of them operate membership clubs. The Committee took into account that the current market capitalization of two of the companies is substantially larger than the Company. The Committee did not use the comparable company data to set mid-points or other specific quantitative comparisons of executive compensation; it used them only for general reference.

Equity Compensation

If fully earned based upon the achievement of performance targets and fully vested, equity compensation is the largest component of compensation for executive officers. RSU grants to all executive officers are performance-based, with performance-vesting over a one-year period, time-vesting over five years, and vesting for long service contingent upon maintaining employment status at the vest date. The Board and the Committee believe that vesting over up to five years helps to foster motivation over the longer term. Following satisfaction of performance targets, RSUs become time-vested RSUs that, subject to accelerated vesting for long service (described below) vest 20% upon the first anniversary of the grant date (following the determination by the Committee that the performance criteria have been satisfied) and 20% vest over each of the ensuing four years. (Vesting of RSUs awarded to non-executive officers and employees is not performance-based.) To the extent time-vesting requirements are met, RSUs are settled and paid in shares of common stock (net of shares withheld for taxes). Recipients are not entitled to vote or receive dividends on unvested and undelivered RSUs.

All officers and employees who receive RSU grants receive accelerated vesting prior to termination if they have achieved long service with the Company (33% vesting credited on the first anniversary of the date of grant after 25 years of service, 66% vesting after 30 years of service, and 100% vesting after 35 years of service, with any remainder vesting ratably over the remaining vesting period). This accelerated vesting entitles officers and employees to receive shares within ten business days of the anniversary of the grant date or of the initial grant date if the years of service requirement has been met prior to the grant date. For awards vesting on October 22, 2019, all Named Executive Officers received 100% long-service vesting except one who received 66% vesting.

The criteria for the fiscal 2020 performance-based grants were (versus fiscal 2019) a 4% increase of total sales or a 3% increase in pre-tax income (with both measures based on local currencies). The Committee determined that both goals were exceeded. Accordingly, the executive officers earned all of the RSUs granted, subject to time-based and long-service vesting. All executive officers received accelerated vesting for long service for these RSUs, with a further time-based vesting occurring on the first anniversary of the grant for the officer not fully vested at the time the RSUs were deemed earned.

The Board adopted in July 2008 a fixed date of October 22 for RSU grants, with exceptions as approved in advance by the Committee. For fiscal 2020, RSU grants were made on October 22, 2019, and the performance criteria for the grants were established in November 2019. All grants in fiscal 2020 were made under the Company's 2019 Incentive Plan, approved by the Company's shareholders in January 2019.

Other Compensation

The Company provides the Named Executive Officers with benefits of a type offered to all other employees in most respects. The value of these benefits constitutes a small percentage of each executive's total compensation. Key benefits include paid vacation, premiums paid for long-term disability insurance, a matching contribution and a discretionary 401(k) plan contribution, and the payment of premiums for health insurance and basic life insurance. In addition, the Company maintains a non-qualified deferred-compensation plan for the benefit of approximately 1,000 employees, including the Named Executive Officers. The plan provides that the first \$10,000 of an employee's contributions may be matched 50% by the Company, subject to certain limitations. This match vests over time. The Company does not maintain a pension plan or post-retirement medical plan for any employee. There are Company matching contributions for charitable contributions by many employees, including the Named Executive Officers. The Committee believes the benefits are modest and consistent with its overall objective of attracting and retaining highly-qualified executive officers.

2020 Compensation of the Chief Executive Officer

In addition to considering the Company's compensation policies generally, the Committee reviews executive compensation and concentrates on the compensation packages for the Chief Executive Officer. Near the end of calendar 2019, the Committee approved a written employment contract for Mr. Jelinek, related to service during calendar 2020. For fiscal 2020, Mr. Jelinek received a base salary of approximately \$1,000,000 (based on a fifty-two week fiscal year), an increase of \$70,000 from the prior fiscal year. (In December 2018 his salary was increased to \$1,000,000 for calendar 2019.) The agreement further provided for a cash bonus of up to \$200,000 (unchanged from the prior year), determined by the Board or the Committee, and an RSU award determined by the Board or the Committee. Apart from the change-in-control provision in the Company's equity plan applicable to all grantees (described below under "Potential Payments Upon Termination or Change-in-Control"), none of Mr. Jelinek or any other employee has or had any change-in-control arrangement with the Company.

For fiscal 2020, the Committee granted 22,540 performance-based RSUs to Mr. Jelinek, which in value at the grant date represented an increase of 4% over the prior fiscal year. The Committee determined after the end of the fiscal year that the performance criteria were exceeded, and all of the RSUs granted were earned and fully vested under the long-service provisions.

Cash bonuses for the Chief Executive Officer have generally been capped at no more than \$200,000 since fiscal 1997. For fiscal 2020, Mr. Jelinek earned a cash bonus of \$200,000. The bonus amount for Mr. Jelinek was determined by the Committee as follows: (i) one-half of bonus eligibility was determined by the Company's attainment of its pre-tax income goal, which was exceeded in fiscal 2020 (the goal was \$5.21 billion, on a generally accepted accounting principles basis; actual pre-tax income was \$5.37 billion); the Committee determined, however, that unlike other individuals at the Company eligible for the bonus component based on Company pre-tax income, based on his request Mr. Jelinek's award was capped at 100%; and (ii) eligibility for the remaining half was determined in part by referencing the amount of the individual bonuses received by other executive officers in comparison to their bonus eligibility (approximately 120%) but with the Committee determining, at his request, to cap Mr. Jelinek's individual bonus at 100% of eligibility, or \$100,000. The criteria governing bonuses to other executive officers are described below.

For fiscal 2021, the bonus potential and structure have been changed. Mr. Jelinek is eligible to receive a bonus with a target amount of \$400,000, up to 50% based on the achievement of specified targets relating to pre-tax income and up to 50% based on the achievement of specified targets relating to sales. The potential payment attributable to each of these performance goals may be from zero to up to 120% based on the level of achievement.

2020 Compensation of Other Named Executive Officers

The most significant component of the compensation in fiscal 2020 was performance-based RSUs. RSU amounts awarded to Messrs. Galanti, Portera, Vachris, and Murphy were 11,840 each, an increase of 4% over the prior year based on the value at grant date. The amounts awarded were based on the recommendations of Mr. Jelinek and approved by the Compensation Committee before the grants. The performance criteria were, as noted above, exceeded and the Named Executive Officers earned all of the RSUs granted, with accelerated-vesting for long service and further time-based vesting.

Salaries for other Named Executive Officers were based upon the recommendation of Mr. Jelinek, who focused on the amount of increase deserved over the prior year's salary level. Base salary levels for these officers increased an average of 6% over fiscal 2019.

The Named Executive Officers (other than Mr. Jelinek) received cash bonuses of \$94,000, slightly higher than the prior year because of improved operating performance under significantly more challenging conditions. Bonus criteria were approved by the Committee in early fiscal 2020, based upon the recommendation of Mr. Jelinek. After the close of the fiscal year, Mr. Jelinek recommended bonus amounts to the Committee for the Named Executive Officers for the individual bonus amounts of up to approximately 120% of the eligible amounts.

As with thousands of other bonus-eligible employees, 50% of the bonus potential was related to the Company's attainment of its internal pre-tax income goal. As noted above, that goal was exceeded. Based on Mr. Jelinek's recommendation, the Committee determined to award 110% of the potential pre-tax income bonus, which amounted to \$44,000 for executive officers.

Eligibility for the \$40,000 bonus portion not associated with the Company's pre-tax income target was determined in part based on goals relevant to the executive officer's area of responsibility: for those whose responsibilities are operational, the goals related to sales, controllable expenses, inventory shrinkage, and pre-tax profit in their areas of responsibility; for those whose responsibilities are primarily buying, the goals related to sales and gross margin in their areas of responsibility; for those whose responsibilities combine operational and buying functions, the goals related to a combination of those described above; and for those whose responsibilities are staff functions, the goals related to a combination of Company-wide operational and buying goals, in addition to qualitative factors relevant to their areas of responsibility. For each officer there is also a small component (approximately 10% of total bonus eligibility) based on the discretion of Mr. Jelinek. Mr. Jelinek is not bound to recommend any specific bonus amount based on these factors; he considers what he believes to be the appropriate bonus in view of all the circumstances. For fiscal 2020 he recommended a \$10,000 enhancement to the individual bonus element for each executive officer. The Committee maintains the discretion to vary from the Chief Executive Officer's recommendations but historically has deferred to it, as it did this fiscal year.

The enhancements to the total bonus amounts for executive vice presidents, no more than \$14,000 for any individual (\$4,000 enhancement to the pre-tax income component and \$10,000 enhancement to the individual component), were awarded by the Committee in recognition of the superior performance of the Company during a period of unprecedented dislocation and challenges, including protection of the health of members and employees, a plethora of new regulatory restrictions, and supply chain disruptions on a scale previously unknown to the Company.

Clawback Policy

The Corporate Governance Guidelines provide that the Company will seek to recover, at the direction of the Committee after it has considered the costs and benefits of doing so, incentive compensation (including bonus, incentive payment, and equity award) awarded or paid to an officer for a fiscal period if the result of a performance measure upon which the award was based or paid is subsequently restated or otherwise adjusted in a manner that would reduce the size of the award or payment. Where the incentive compensation is not awarded or paid on a formulaic basis, the Committee may determine in its discretion the amount, if any, by which the payment or award should be reduced. In addition, if an officer engaged in intentional misconduct (as determined by the Committee in its sole discretion) that contributed to the award or payment of incentive compensation to the officer that is greater than would have been paid or awarded in the absence of the misconduct, the Company may take other remedial and recovery action, as determined by the Committee.

Stock Ownership Requirements

Executive officers are required by the end of each calendar year to own and retain shares of Company common stock representing in value at least three times (seven times for the Chief Executive Officer) the base salary of the officer in effect at the beginning of the fiscal year. Newly-promoted officers have twenty-four months to achieve compliance. The Nominating and Governance Committee may authorize an extension should the timing present an undue burden. All executive officers were in compliance at the end of calendar 2019.

Hedging and Pledging Policies

The Corporate Governance Guidelines, as amended in August 2018, prohibit transactions involving hedging of the Company's equity securities by directors, officers, and employees and prohibit pledging of the Company's equity securities by directors and executive officers. The prohibition on transactions involving hedging includes any instrument or transaction, including put options and forward-sale contracts, through which an individual offsets or reduces exposure to the risk of price fluctuations in a corresponding equity security. Equity securities include common stock, voting preferred stock and options and other securities exercisable for, or convertible into, settled in, or measured by reference to, any other equity security determined on an as-exercised and as-converted basis. The equity securities attributable to a director or executive officer for these purposes are those attributable under either Section 13 or Section 16 of the Securities Exchange Act of 1934. All directors and executive officers are in compliance with this policy.

Conclusion

The Committee believes that each element of compensation and the total compensation provided to each of the Named Executive Officers is reasonable and appropriate. The value of the compensation payable to the Named Executive Officers is significantly tied to the Company's performance and the return to shareholders. The Committee believes that its compensation programs will allow the Company to continue to attract and retain a top-performing management team.

- (1) Certain salaries in all fiscal years have been restated to reflect retroactive pay when earned rather than received.
- (2) Awarded under the Company's cash bonus program.
- (3) This represents the grant-date fair value of performance-based RSUs granted to the Named Executive Officers during fiscal 2020, 2019 and 2018, which were earned upon attainment of performance criteria and subject to additional time-based vesting. The performance criteria are described under "Compensation Discussion and Analysis – Equity Compensation." The value is calculated as the market value of the common stock on the measurement date less the present value of the expected dividends forgone during the vesting period. For a description of the assumptions used in calculating the fair value of the performance-based RSUs, see Note 1 of our financial statements in our Form 10-K for the year ended August 30, 2020. The measurement date is the date that the Compensation Committee establishes the performance conditions, near the end of the first fiscal quarter. These amounts thus do not reflect the amount of compensation actually received by the Named Executive Officer during the fiscal year.
- (4) Each Named Executive Officer (among certain other employees) is eligible to participate in the Company's non-qualified deferred-compensation plan, which allows the employee to defer up to 80% of salary and 90% of bonus and to receive a Company match of up to 50% of the deferred amount, up to a maximum annual match of \$5,000. The minimum deferral period is five years, and the matching credit vests ratably over five years unless the participant has attained a sum of age and years of service totaling 65, in which case the Company match vests in one year. Interest accrues on deferred amounts at the Bank of America prime rate. For contributions made after January 1, 1997, an additional 1% interest is credited upon the participant's attaining a sum of age and years of service totaling 65. The amounts reported in this column represent the interest on the officer's balance to the extent that it is "above market" – greater than 120% of the applicable federal long-term rate.
- (5) Detail is provided below in the All Other Compensation table.

- (1) The Company has a 401(k) retirement plan that is available to all U.S. employees who have completed 90 days of employment. For all U.S. employees, with the exception of union employees, the plan allows for both pre-tax and/or after-tax (Roth) deferral, for which the Company matches 50% of the first \$1,000 of employee contributions. In addition, the Company provides each eligible participant an annual discretionary contribution based on salary and years of service. The matching and discretionary contributions vest ratably until fully vested, after five years of service.
- (2) Long-term disability insurance is extended to all employees who are either at the level of senior vice-president and above or who are eligible to participate in the deferred compensation plan and who have 20 or more years of service.
- (3) Executives are compensated for their additional tax costs associated with the Company's payments on their behalf for long-term disability insurance.
- (4) Executives, their families, and invited guests occasionally fly on the corporate aircraft as additional passengers on existing business flights. Any incremental cost to the Company is de minimis, and no amount is reflected in the table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company does not have any change-in-control agreements with any executive officer, director, or employee. Plans under which RSUs have been granted provide for accelerated vesting under certain circumstances in the event of a change in control. The amounts shown in the following table reflect the potential value to the Named Executive Officers as of the end of fiscal 2020 of full acceleration of all unvested RSUs under certain circumstances in connection with a change in control of the Company and acceleration of unvested RSUs upon certain terminations of employment.

The amounts shown assume that a change in control or termination was effective as of the last business day of fiscal 2020 and that the price of Costco common stock on which the calculations were based was the closing price on August 28, 2020 (\$348.37). They are estimates of the incremental amounts that would be received upon a change in control or termination of employment; the actual amount could be determined only at the time of any actual change in control or termination of employment. In the event of a termination other than for cause: (i) proportional vesting (measured on a quarterly basis) occurs for the time period between termination and the grant date or grant date anniversary; and (ii) accelerated vesting for long service occurs based on years of service. For purposes of the foregoing, the vesting formula for long service is: 33% for 25 or more years of service; 66% for 30 or more years of service; and 100% for 35 or more years of service. RSUs also provide for accelerated vesting for long service prior to termination. There is no accelerated vesting in the event of a termination for cause.

The following table provides information regarding the estimated potential incremental payments upon termination or change in control.

Name	Total Value of RSUs Vested Upon Termination Without Cause or for Good Reason (\$)¹	Change in Control	
		Total Value of RSUs That May Vest (\$)¹,²	Total Value of RSUs Vested Upon Termination Without Cause or for Good Reason (\$)¹,²,³
W. Craig Jelinek	7,852,260	7,852,260	7,852,260
Richard A. Galanti	—	4,124,701	4,124,701
Joseph P. Portera	—	4,124,701	4,124,701
Ron M. Vachris	—	4,124,701	4,124,701
James P. Murphy	—	8,058,146	8,058,146

- (1) Total value calculated assuming a termination or change-in-control date of August 30, 2020, and utilizing the closing market price on August 28, 2020.
- (2) Maximum number of RSUs that in the event of a change in control of the Company are not assumed or substituted under the 2019 Plan or that the Board may choose to accelerate under the 2002 Plan.
- (3) Maximum number of RSUs that in the event of termination without cause or for good reason after a change in control under the 2019 Plan or that the Board may choose to accelerate under the 2002 Plan.

Deferred Compensation Plan. In the event that a Named Executive Officer’s employment with the Company is terminated, either voluntarily or involuntarily, the officer will receive the balance of the deferred compensation account no sooner than six months following termination of employment or death. The balance of each Named Executive Officer’s deferred compensation account as of the end of fiscal 2020 is set forth in the table above titled “Fiscal 2020 Non-qualified Deferred Compensation.” In the event of a threatened change in control of the Company, the Compensation Committee may act to protect the participants, including accelerating vesting or terminating the plan and paying benefits to participants.

Potential Payments Under Mr. Jelinek’s Employment Agreement. The Company and Mr. Jelinek entered into an employment agreement effective January 1, 2020, with a one-year term, subject to renewal for additional one-year terms upon mutual agreement. If Mr. Jelinek’s employment is terminated by the Company without cause or by Mr. Jelinek with good reason, Mr. Jelinek will receive a lump-sum cash payment equal to 1.5 times his annual base salary and target bonus and full acceleration of any unvested RSUs. The estimated amount Mr. Jelinek would have received as cash severance in the event of such termination as of August 30, 2020, is \$1.8 million. The actual amount could be determined only at the time of any actual termination. Upon termination due to disability, Mr. Jelinek would be eligible for continued medical coverage and receive full acceleration of any unvested RSUs as described above.

“Good reason” is defined in the agreement as a material diminution in the executive’s salary or target bonus, in authority, duties or responsibilities, or in the budget over which the officer retains authority, causing the executive to report to anyone other than the Board, a material change in geographic location at which the executive must perform services, or any breach by the Company of the employment agreement.

“Cause” is defined in the agreement as an intentional tort causing substantial loss, damage or injury to the Company, any serious crime or intentional, material act of fraud or dishonesty against the Company, the commission of a felony that results in other than immaterial harm to the Company’s business or to the reputation of the Company or the executive; habitual neglect of the executive’s reasonable duties, disregard of written, material policies of the Company that causes other than immaterial loss, damage or injury to the property or reputation of the Company, or any material breach of the executive’s obligation to not disclose confidential information or to assign intellectual property developed during employment.

Under the terms of Mr. Jelinek's fiscal 2020 RSU award, in the event of termination of his employment for any reason other than cause, if the Compensation Committee of the Board determines that the performance goals established for the award have been met, Mr. Jelinek will receive the award, subject to the long service and quarterly vesting provisions generally applied for terminations in connection with RSU awards as described above. The table above shows the estimated incremental amounts Mr. Jelinek would receive in respect of his 2020 award in connection with a hypothetical termination of employment at December 31, 2020.

Equity Compensation Plans. Under the Company's 2019 Incentive Plan, in the event of a "fundamental transaction" or "change in control": (i) with respect to stock awards that are assumed, substituted or continued, if the Company terminates the participant's employment without "cause" or the participant terminates with "good reason" upon or during the 12-month period following the fundamental transaction or change in control, the stock award will become fully vested and any performance conditions imposed with respect to the award will be deemed to be achieved at the greater of the actual levels of achievement as of the date of such termination and the target performance levels; and (ii) if the stock award is not assumed, substituted or continued, the Board will fully accelerate time-based awards and provide for pro-rata acceleration of performance-based stock awards at the greater of actual levels of achievement or target, or cancel the awards in exchange for cash payments to the participant. The plan has detailed definitions of "good reason", "cause," "change in control" and "fundamental transaction." Generally speaking, "good reason," except as otherwise defined in an employment agreement, is defined as a material diminution in the participant's authority, duties or responsibilities or a material change in geographic location at which the participant must perform services. "Cause" is defined as dishonesty, fraud, misconduct, disclosure or misuse of confidential information, conviction of, or a plea of guilty or no contest to, a felony or similar offense, habitual absence from work for reasons other than illness, intentional conduct that could cause significant injury to the Company or an affiliate, or habitual abuse of alcohol or a controlled substance. "Change in control" is defined as the occurrence of any of the following events: (i) a majority of the Board is replaced in any two-year period other than by directors approved by existing directors; or (ii) any person or group acquires shares having 30% or more of the voting power of all outstanding shares; or (iii) a merger or in which outstanding shares are converted into shares of another company or other securities (of either the Company or another company) or cash or other property. "Fundamental transaction" is defined as the merger of the Company with another entity in a transaction in which the Company is not the surviving entity or if, as a result of any other transaction or event, other securities are substituted for Company shares or shares may no longer be issued.

The Company's Seventh Restated 2002 Incentive Plan and its predecessor plans provide that in connection with a "change in control," the Board may take any one or more of the following actions: (i) arrange for the substitution of options or other compensatory awards of equity securities other than shares (including, if appropriate, equity securities of an entity other than the Company) in exchange for stock awards; (ii) accelerate the vesting and termination of outstanding stock awards so that stock awards can be exercised in full before or otherwise in connection with the closing or completion of the transaction or event, but then terminate; or (iii) cancel stock awards in exchange for cash payments to participants. The plan requires that in the event of a "fundamental transaction" the Board shall do one or more of the foregoing, contingent on the closing or completion of the fundamental transaction.

CEO PAY RATIO

As required by SEC rules, we are reporting the ratio of the annual total compensation of our CEO to the annual total compensation of our “median employee.” The latter is an estimate calculated consistent with SEC rules, based on our payroll and employment records and the methodology described below. SEC rules allow a variety of methodologies and exclusions and permit reasonable estimates and assumptions.

Identification of the Median Employee

The year to date period ended August 30, 2020, was utilized to determine the median employee. At that date, we had approximately 273,000 employees worldwide, of which 181,000 were located in the United States and its territories. As permitted by SEC rules, we excluded, as de minimis, employees in China, France, Iceland, Spain, and Taiwan. As a result, the “considered population” for identifying the median employee was approximately 265,000. The pool included full-time, part-time, seasonal, and temporary employees. For determining the median employee, we used a combination of salary, bonus, equity compensation, and other measurable benefits. The median employee did not receive the full range of benefits considered in determining that employee’s identity. Non-U.S. employees’ compensation was converted to U.S. dollars using an average exchange-rate based on daily rates for the year to date period. For fiscal 2020, the median employee in the considered population had a total compensation of \$39,585.

Ratio

The CEO’s total compensation as shown in the Summary Compensation Table was \$8,279,552. Based upon the estimates, assumptions, and methodology described above, the pay ratio calculation is 209:1. This ratio may not be comparable to that reported by other companies due to differences in industries, scope of international operations, business models and scale, as well as the differences in estimates, assumptions, and methodologies.

Supplemental Ratio

Approximately 40% of the “considered population” were part-time, seasonal and temporary workers, which significantly impacts the ratio shown above. We believe it is appropriate to present a supplemental calculation using the same methodology as above except that it includes only workers who are full-time. Using this methodology, the median employee has a pay of \$56,569, resulting in a pay ratio calculation of 146:1.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Paul Moulton, an executive officer of the Company, has a sister-in-law who was employed by the Company during fiscal year 2020 at an annual salary of \$122,000 and received a bonus of \$9,300 and a grant of 100 RSUs. She also participated in benefit plans generally available to employees in comparable positions under similar terms and conditions. During fiscal 2020, John Meisenbach, who retired from the Board in January 2020, received \$414,493 in commissions through Assured Partners MCM related to services concerning certain of the Company’s employee benefit programs. These commissions were payable in connection with his origination of certain insurance policies and with the transaction in which Assured Partners acquired MCM. Assured Partners acquired MCM, a financial services company that Mr. Meisenbach founded and had served as CEO from 2008 to 2013 and chairman of the board of directors until 2015.

These relationships and related transactions were approved by the Audit Committee. The charter of the Audit Committee requires the Committee to review and approve all related-person transactions that are required to be disclosed under Item 404(a) of Regulation S-K. There were no transactions required to be reported in this Proxy Statement since the beginning of fiscal 2020 where this policy did not require review, approval or ratification or where this policy was not followed.

No family members of executive officers or directors are executive officers of the Company.

Audit Committee Preapproval Policy

All services to be performed for the Company by KPMG must be pre-approved by the Audit Committee or a designated member of the Audit Committee, as provided in the committee's written policies. All services provided by KPMG in fiscal 2020 were pre-approved by the Audit Committee.

Annual Independence Determination

The Audit Committee has determined that the provision by KPMG of non-audit services to the Company in fiscal 2020 is compatible with KPMG's maintaining its independence.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Subject to ratification by the shareholders at the Annual Meeting, the Board, upon recommendation of the Audit Committee, has selected KPMG to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending August 29, 2021. KPMG has issued its reports, included in the Company's Form 10-K, on the audited consolidated financial statements of the Company and internal control over financial reporting for the fiscal year ended August 30, 2020. Representatives of KPMG are expected to be present at the Annual Meeting, will have the opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Vote Required

The affirmative vote of a majority of the votes cast on this proposal will constitute ratification of the appointment of KPMG.

The Audit Committee and Board of Directors unanimously recommend that you vote FOR Proposal 2.

PROPOSAL 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, we request your advisory (non-binding) vote on the following resolution ("say on pay"): "Resolved, that the shareholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement."

In 2017, following an advisory vote of the shareholders on frequency, the Board determined to continue to include say on pay votes in the Company's proxy materials annually until the next required shareholder vote on frequency.

The Board and the Compensation Committee, which is composed of independent directors, expect to take into account the outcome of the say on pay vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under “Compensation Discussion and Analysis,” our compensation programs are designed to motivate our executives to continue the success of the Company. If fully earned through achievement of performance targets, equity compensation in the form of restricted stock units (which are subject to further time-based vesting) is the largest component of executive compensation. We believe that our compensation program reward sustained performance that is aligned with long-term shareholder interests. Shareholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure.

The Board of Directors unanimously recommends that you vote FOR the approval, on an advisory basis, of the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure.
